Plainfield Energy Committee
Meeting Minutes
5.9.18

Attending: Tim Walter, Conrad Liebenow, Judy Williams, Renee Schmitt, Stephen Bushway

Meeting convened at 7:05 PM

We did not meet in March due to the weather or in April due to a lack of a quorum.

Feb. minutes were read and accepted with edits.

Judy reported that the Hawlemont school 6th grade class (18 or 19 students) held a successful fundraiser selling LED light bulbs and power strips, funding their class trip to the Boston Science Museum.

Renee is waiting for her appointment letter from the SB.

Conrad reviewed for the committee the completed/pending/potential projects funded by the Green Communities grant in his document "All Projects Grant Analysis" (attached). Currently \$116,546 of the grant remains uncommitted..

The Town's existing (HCOG brokered) PV Net Metering subscription agreement for three 25KW shares (109,500 kWh) is estimated to cover 83% of Town's electrical utility cost, with the 15% discount amounting to \$1,800 annual savings. Conrad is communicating with Nexamp about an additional share, but the discount % is TBD.

Tom Bowman was paid \$11,400. (to date \$1,100. is unused, but could only be used for Level II audits).

Tim circulated a "Vulnerability Preparedness" paper he has submitted to the SB.

Meeting Adjourned at 8:47 PM

Respectfully submitted,

Stephen Bushway
