PEC Meeting Minutes
2/12/20

Convened at 7:10 PM
Attending Tim, Judy, Conrad, and Steve
Minutes of the 1/8 meeting read and accepted.

Conrad spoke with Jillian Decoursey of PVPC regarding the bid/RFP process regarding a pv system on the Hallock building pavilion, and determined that what we would use for finding a pv installer is a loose version of the bid specification. PVPC will provide up to 8 hours t.a. preparing bid documents for the Town.

Conrad spoke with John Wallen regarding getting an invoice for the Hallock building work he did.

He is also willing to give us an assesement of structural soundness on the Hathaway Hall building.

We have about \$5,800. Left from the Direct Energy bonus for the Town's Solarize sign-ups. Tim proposed using some of that money to re-roof the south face roof of Hathaway. We will wait until we find out about the need for structural reinforcement of the Hathaway Hall roof.

Tim read the 2019 Annual Report .

We also discussed the Mass Save Small Scale (Connected Solutions) Battery program. See attached for an overview of this program.
