

## **Agricultural Commission Meeting 11/3/22**

Present: Anna, Ed, Bi-sek, Erin, Sadie

### **Farmland of Local Importance**

Anna signed the papers indicating Plainfield's participation in this program, which will be added to the town website.

### **Cannon Update**

Plainfield's new building inspector has been given all letters and emails of complaint about the cannon and will be handling the issue. A cease and desist order will be sent to Kurt, who will appear before a judge. After that appearance the matter will be turned over to either local or state police who will enforce the cease and desist order.

The Ag Commission wants to continue to support Kurt by suggesting alternate methods that may be effective in deer and bear exclusion.
