Capital costs represented by debt service shall be apportioned as a capital cost of the year in which the debt service falls due.

Capital costs incurred July 1, 1993 and thereafter shall be apportioned to the member towns annually for the ensuing fiscal year as follow:

- (1) Each member town's share of capital costs associated with the

District High School for each capital project shall be apportioned to the member towns on the basis of their respective pupil enrollments at said school. Each member town's share shall be determined by computing the ratio which that town's average pupil enrollment at said school on October 1 of each of the five years next preceding the first year for which the apportionment is determined bears to the total average pupil enrollment from all member towns at said school for the same five year period. In the event that enrollment at the District High School has not been accomplished by October 1, capital costs shall be determined on the basis of enrollment in grades seven through twelve of pupils residing in each member town and receiving education at such town's expense on October 1 of that year.

(2) Each member town's percentage share to the nearest one tenth of one percent will remain in effect for the term of the debt for each capital project.

Operating costs for the first fiscal year next following the effective date of Chapter 371 of the Acts of 1993 (See attachment) and for every fiscal year thereafter shall be apportioned to the member towns on the basis of their respective pupil enrollments in the regional District schools. Each member town's share for each fiscal year shall be determined by computing the ratio which that town's average pupil enrollment in the District schools on October 1 of each of the five years next preceding the year for which the apportionment is to be determined bears to the total average pupil enrollment from all member towns in the regional District schools for the same five year period (note: pre-K enrollment will be included in the calculation beginning in FY18 and will include the data from October 1, 2015 and October 1, 2016), as more fully set forth in Subsection IV(H) below. In the event that enrollment in the regional District schools has not been accomplished by October 1 of any year, operating costs shall be apportioned on the basis of enrollment in grades pre-kindergarten through twelve of pupils residing in each member town and receiving education at such town's expense on October 1 of that year.

(H) The apportionment of operating costs shall be determined in accordance with the following procedure:

First: The Committee shall determine the proportion of the annual budget representing costs associated with the provisions of services to grades

seven through twelve and the proportion representing costs associated with all other services including services to grades pre-kindergarten through six.

Second: The Committee shall determine the average enrollment share of each member town in grades seven through twelve, inclusive. For this purpose, average enrollment share shall equal, for each member town, its five-year average proportionate share of total student enrollment in the district schools for grades seven through twelve, as of October 1 in each of the five years immediately preceding the year for which such allocation is to be made.

Third: The Committee shall apportion costs of grades seven through twelve, inclusive, to the Towns of Hawley and Charlemont in direct proportion to each town's five-year average share of student enrollment in grades seven through twelve, inclusive.

Fourth: The total budget, less the shares allocated to the Towns of Hawley and Charlemont, shall be apportioned among the District's six remaining member towns on the basis of each member town's five-year average student enrollment share. For purposes of this calculation, average enrollment share, for each of the pre-K-12 Member Towns shall be based on its five year average proportionate share of total student enrollment in the district schools (note: pre-K enrollment will be included in the calculation beginning in FY18 and will include the data from October 1, 2015 and October 1, 2016).

(l) Times of Payment of Apportioned Costs
