Sept 6, \$264.00

Sept 26 \$283.00

Need to talk about how much hazardous waste each household can drop off per year.

Need a line item in the budget for hazardous waste next year in order to pay for it with our grant money.

Kathleen , Jack and me have been going over how much hazardous waste each household can drop off. We never published a policy. We need to provide one. This year, we allowed a resident to dispose of up to 4 bins costing the town around \$240. The RDP grant doesn't pay for this. We have to put an amount in our next budget to cover the expense. We will put a limit on the number of blue bins per household.

Halloween, recreation committee contacted me by phone. They decided not to do anything this year because of covid, and safety reasons. So they asked us to decide to have or cancel Halloween. We will have Mert record the message and send it out on the Blackboard phone as soon as we decide this. I emailed Howard, First selectman for his opinion. Yes I feel bad for the kids, we have to think of everyone.

I talked to David Alvord, the PVFA will host a DriveBy Halloween event, Saturday Oct 31st. Any Plainfield resident is invited to bring their children via vehicle to the Public Safety Complex from 5:30 pm to 6:30 pm. Firefighters will be waiting at the entrance, in full PPE protection (gloves and masks) to hand out free pre-created individual gift bags ( bags created with full protection by firefighters and partners). This event is supported by both The Board of Health and Recreation Committee, and we thank the PVFA for sponsoring this event.

Meeting Adjourned at 8PM.
