

Plainfield Climate Resilience Plan - Public Forum

Hello! We are a team of graduate students from the Conway School working with the Town of Plainfield on a Climate Resilience Plan this winter. This project builds on previous plans including Plainfield's Hazard Mitigation Plan (HMP) and Municipal Vulnerability Plan (MVP). The project aims to create a long-term vision for Plainfield's landscape that incorporates watershed planning, natural and cultural resource conservation, and green energy.

You can read more about this project and its progress thus far on the Town of Plainfield's website (<https://plainfield-ma.us/>) under "Climate Resiliency Plan Project".

WE WANT TO HEAR FROM YOU! Join us on **Thursday, March 10th at 7pm** via Zoom for a presentation outlining our work thus far, with discussion to follow. You can log in to the event using the link below: <https://us06web.zoom.us/j/84907357037?pwd=ZWoyMzFLK1p0YnAvZXBEQ0c5RXc1UT09> (also available on the town website and on the Everything Plainfield Facebook page)

Hope to "see" you then!
~Rachel, Hope, & Jack
